## INDEX

Compiled by Christine Shaddick

### Arachnida

Spiders in Yorkshire, 45-52

*Trogulus tricarinatus* (L.), a harvestman (Opiliones) found for the first time in northern England, 73

### Askham Bog

Ecological studies at Askham Bog Nature Reserve — 2. The tree population of the wood, 3-14

### Book Reviews

14, 40-4, 66, 74, 82, 85-7, 107-8, 132, 139-40, 159-62

### Botany (Flowering Plants and Ferns)

Ecological studies at Askham Bog: the tree population, 3-14

Botanical Reports for 1978 and 1979 — Flowering plants and ferns, 31-9

Stephen Robson's *Hortus siccus*, 67-73

*Artemisia annua* L., an alien plant new to Yorkshire, 78

Plants of the River Tyne system before the Kielder Water Scheme, 97-107

James Bolton's botanical paintings and illustrations, and his association with Georg Ehret, 141-7

Botanical report for 1980, 149-52

### Bryophyta

Y.N.U. Bryological Section: Annual Report 1980, 76-8

The Bryophyte Collection of Jethro Tinker (1788-1871), 111-17

*Andreaea* in the Sheffield district, 159

### Diptera

*Eriozonea syrphoides* (Fallen) (Dipt. Syrphidae) at Wharnccliffe Wood, 39-40

A survey of Scuttle Flies (Diptera: Phoridae) of upland habitats in Northern England, 53-66

A remarkable assemblage of Hover-flies, 152

### Ecology

Ecological studies at Askham Bog — 2.  
The tree population, 3-14

River Etherow: plants and animals of a river recovering from pollution, 15-31

Plants of the River Tyne system before the Kielder Water Scheme, 97-107

A note on the phytoplankton in the River Hull at Hempholme, N. Humberside, 153-6

### Entomology

Entomological Records for 1979-1980, 147-9

### Hymenoptera

Food availability and foraging by Bumblebees (*Bombus* spp.) and Honeybees (*Apis mellifera*) at Strensall Common, Yorkshire, 133-9

### Isopoda

Some new vice-county records for Woodlice in Yorkshire, 83

### Lepidoptera

The discovery of Microlepidoptera from the H. H. Corbett Collection, 83-4

### Lichens

Lichen flora of the West Yorkshire conurbation — Supplement II (1978-1980), 89-95

### Mammalia

A new Leislers Bat (*Nyctalus leisleri*) record from Yorkshire, 84-5

### Mollusca

Notes on Yorkshire Mollusca — 3. *Patella intermedia* Jeffries: its status in Yorkshire, 40

### Mycology

Spring Fungus Forays, 1978-1980, 130-2

Autumn Fungus Forays, 1978-1980, 157-8

### Naturalists

Jethro Tinker (1788-1871) — Field naturalist by the late Rev N. Dennis, S.J., 109-11

### Obituaries

Dr E. Wilfred Taylor, 81-2  
G. H. Ainsworth, 96

### Ornithology

British records of the Northern Willow Tits, 75-6

Short-eared Owls (*Asio flammeus*) at Carlton Marsh Nature Reserve during the winter of 1978-1979, 79-81

### Phytoplankton

A note on phytoplankton in the River Hull at Hempholme, N. Humberside, 153-6

### Society Reports

1981 Royal Society Conversazione, 96

### Yorkshire Naturalists' Union

Y.N.U. Excursions in 1980, 118-29
